OK, do you know whether anyone has a file of controls on Marcellus, so I can locate previous responses? Or would Sestak's previous letters be mixed in with others, with Josephine? Thanks.--Vicky

Vicky:  
I'll let Angela respond to this.  
However, I want to state, that this is not Sestak's first Control on this issues - it's the 2nd or possibly the 3rd.  
We should be consistent in how we respond to him.

**Subject:** Control on Dimock

Angela and Nan, we just got a controlled correspondence from Cong. Sestak, whose constituent thinks there should be a Federal investigation of well contamination in Dimock and Lenox Township, and that EPA should require tracers in fracking fluids. Do you know whether we have established procedures or persons for responding to controls on HF? Or for routing? Thanks.--Vicky
